DEPT. OF COMMERCE

Dear Ms. Nitsch:

The Department of Housing and Urban Development has performed a limited review of the North Dakota Department of Commerce, Division of Community Services Indirect Cost Proposal for Fiscal year 2013. The review was limited to a determination that the submitted plan (1) was complete, (2) contained costs and allocation base(s) which appeared to be reasonable.

Our limited review disclosed no deficiencies in the North Dakota Department of Commerce, Division of Community Services Indirect Cost Proposal. Therefore, the plan may be implemented as prepared. Please utilize the **66.89** percent rate in allocating costs to the Federal awards for July 1, 2014 through June 30, 2015.

However, since a detailed review was not made at this time, a formal Negotiated Agreement will not be executed. Please be advised that the amounts and rate(s) included in this plan are subject to revision should this be found necessary due to subsequent audits or reviews.

If you have any questions, please contact, Ms. Marlene M. Collazo, Financial Analyst at (303) 672-5002.

Sincerely,

Leroy P. Brown
Director
